

# Supplier RFP Proposal

## Orbit Digital

Strong experience and references, medium pricing, vague integration planning

*Synthetic classroom document. All supplier details and references are fictional.*

## Executive Summary and Requirement Understanding

Strong experience and references, medium pricing, vague integration planning. We understand that the buyer requires a secure, scalable solution with integrations, measurable delivery, transparent cost, risk controls and dependable support.

## Proposed Solution

Proven digital platform and scalable cloud deployment. The integration approach remains high level and lacks interface mappings.

## Implementation Plan

Eighteen-week plan with milestones and a senior team. Migration and risk activities have limited detail.

## Commercial Value

Implementation price INR 1.05 crore plus INR 20 lakh annual support. Major exclusions are listed.

| Cost item         | Detail                             |
|-------------------|------------------------------------|
| Implementation    | Implementation price INR 1         |
| Taxes             | Excluded and charged as applicable |
| Proposal validity | 90 days                            |

## Security and Compliance

Encryption, SSO, audit logs, backup and vulnerability scans are described. Certification evidence is partial.

## Support and Experience

24x7 service desk, strong escalation process, ten similar fictional projects and four detailed fictional references.

## Risks and Assumptions

Delivery depends on timely stakeholder access, environments and interface documentation. Scope changes follow formal change control. No real supplier or customer data is used.
